Ivan Gensickyy

Frontend Developer

Ivano-Frankivsk, Ukraine, 76007

+380686252833

ivan83863@gmail.com

An organized and reliable candidate who successfully copes with many tasks with a positive attitude. Ready to take on additional responsibilities to solve complex problems, always improve their knowledge, be attentive to small things, become a support for your team. My main goal is to become a web developer with my own team and make a significant contribution to the field of programming.
